DISCLOSURES

Chemung Canal Trust Company Mortgages: A payment forbearance will allow you to postpone payment on the principal, interest, and escrow (if applicable). Except for the forbearance of these/this payment(s), I agree that the original contract or note remains in full force and effect. Interest will continue to accrue daily on the forbearance portion of the principal payment(s) at the contract rate for this obligation. Any request for cancellation of automatic/systematic payments must be made at least seven (7) business days prior to your regular loan payment due date. Repayment Options: 1) Repayment Plan, term not to exceed the loan maturity date. 2) Non-Interest Bearing Extension of Maturity Date by the number of forbearance payments used. 3) Non-Interest Bearing Balloon Payment due upon maturity of the loan or at the time the loan is satisfied through a refinance or sale of the property. 4) Loan Modification.

SONYMA Mortgages: All applications received for assistance with a mortgage owned by SONYMA will require SONYMA's approval prior to processing. Except for the request initiated by this application, and pending approval of the forbearance of these/this payment(s), I agree that the original contract or note remains in full force and effect. Interest will continue to accrue daily on the forbearance portion of the principal payment(s) at the contract rate for this obligation. Any request for cancellation of automatic/systematic payments must be made at least seven (7) business days prior to your regular loan payment due date. You will be contacted by Chemung Canal Trust Company prior to the end of your forbearance period to discuss repayment options.

Freddie Mac Mortgages: Except for the request initiated by this application, and pending approval of the forbearance of these/this payment(s), I agree that the original contract or note remains in full force and effect. Interest will continue to accrue daily on the forbearance portion of the principal payment(s) at the contract rate for this obligation. Any request for cancellation of automatic/systematic payments must be made at least seven (7) business days prior to your regular loan payment due date. You will be contacted by Chemung Canal Trust Company prior to the end of your forbearance period to discuss repayment options.

Escrow (Applies to all mortgages): As part of this Agreement Chemung Canal Trust Company will not require the continued collection of escrows until repayment resumes. Because of this deferment of escrows, it is possible for the escrow account to experience a shortage/deficiency upon the next annual escrow review. Under standard escrow practices, the monthly escrow payment in the following year will be adjusted to make up the shortage, resulting in an increase in the total mortgage payment. To avoid or minimize the amount of any increase to the mortgage payment, Borrower may voluntarily choose to pay the shortage in full after the annual escrow analysis.
